in appreciation of the significant contribution made in the redirection and implementation of the SAFE project. This was a major technological, staffing, and coordination commitment that could not have been accomplished without the dedication, hardwork, and professionalism shown by you as a member of this team. Your contribution to this project should be a source of pride in knowing that you had a major part in completing this project within the time limits imposed. The extraordinary accomplishment that stands out, is that this was accomplished with essentially no impact on the services provided to existing users. The completion of this project reflects credit on you, the data processing profession, the Central Intelligence Agency, and the Federal Service.
